Sikkerheds-Gelænder Med Sæde

Certifications

Safe standing seats: Fansit in its folded position is slim, allowing the stepping clearway to be maximised, with a purpose-designed lock to ensure the seat can be closed when required.

Seating solution for fan zones at big stadiums. Each metallic seat is incorporated within a robust metal frame that forms a waist-high rail for the spectators in the row behind. (Safety barrier for stand audiences at stadiums). The tip-up seat is opened by a master key to configure sitting locations at the events that require it. It is riser mounted and fixed by four anchoring points. The whole structure is metallic.

Safe standing seats: Fansit in its folded position is slim, allowing the stepping clearway to be maximised, with a purpose-designed lock to ensure the seat can be closed when required.
